### **INDEPENDENT AUDITORS' REPORT**

The Board of Directors
Paint Brush Hills Metropolitan District
Colorado Springs, Colorado

### **Opinion**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of Paint Brush Hills Metropolitan District, (the District) as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the District as of December 31, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Other Matters**

### Required Supplemental Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules on pages 26 through 29 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Information

The other information included on page 30 is the responsibility of management. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# PAINT BRUSH HILLS METROPOLITAN DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended December 31, 2023

A reconciliation reflecting the differences between the governmental funds net change in fund balances and change in net position reported for governmental activities in the Statement of Activities as follows:

| Net change in fund balances - Total governmental funds                     | \$<br>97,053  |
|--|---------------|
| Governmental funds report capital outlays as expenditures. However, in     |               |
| the Statement of Activities the cost of those assets is allocated over     |               |
| their estimated useful lives and reported as depreciation expense.         |               |
| Capital Outlay   | 104,442       |
| Depreciation   | (69,084)      |
| The issuance of long-term debt provides current financial resources to     | ,             |
| governmental funds, while the repayment of principal of long-term debt     |               |
| consumes the financial resources of governmental funds. Neither            |               |
| transaction, however, has any effect on net position. Also, governmental   |               |
| funds report the effect of premiums, discounts and similar items           |               |
| when debt is first issued, whereas these amounts are deferred and          |               |
| amortized in the statement of activities. This amount is the net effect    |               |
| of these differences in the treatment of long-term debt and related items. |               |
| Principal paid   | 83,000        |
| Accrued interest   | 1,096         |
| Accided interest   | <br>1,090     |
| Change in net position (deficit) - Governmental activities                 | \$<br>216,507 |

### **NOTE 1 – DEFINITION OF REPORTING ENTITY**

Paint Brush Hills Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, is governed pursuant to the provisions of the Colorado Special District Act. The District's service area is located in El Paso County, Colorado. The District was organized by a recorded order and decree of the District Court of the County of El Paso in 1987. The District operates under a service plan approved by the El Paso County Board of County Commissioners, as amended. The District currently provides water, wastewater, and parks services and facilities, to residents within the District's boundaries.

The District was established to coordinate the acquisition and financing of public improvements within and outside the District's boundaries. After construction of the public improvements was completed, many assets were transferred to El Paso County for ownership and operations, and maintenance. The District has retained its responsibility for providing water and wastewater service and maintaining parks services for and to the residents of the District.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

In 2015, the District adopted a resolution to create the Paint Brush Hills Metropolitan District Subdistrict A (Subdistrict A). The Subdistrict A was formed to provide certain services, programs and facilities to be furnished within the area of the Subdistrict A, and to provide for thefair and equitable taxation within said area. Any debt incurred by the Subdistrict A shall be treated separately and distinct from the debt of the District, which is limited and not to exceed \$9,000,000. The Subdistrict A is limited to a maximum debt service mill levy of 40.000 mills. Upon the discharge of any and all debt issued by or on behalf of the Subdistrict A, the District's Board of Directors shall have the option to dissolve the Subdistrict A. The District Board of Directors shall constitute ex officio the Subdistrict A's Board of Directors, with each director of the Subdistrict A's Board of Directors possessing all rights, privileges and immunities as grantedby law to the directors of the District. Due to the relationship of the Subdistrict A to the District, the Subdistrict A has been included in these basic financial statements as a blended component unit.

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

### **Government-wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District.

For the most part, the effect of interfund activity has been removed from these statements. Governmental activities which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of net position reports all financial and capital resources of the District, with the difference between the assets, liabilities, and deferred inflows of resources of the District being reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation and amortization are computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds, notes and capital leases are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and program generated revenues. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Conservation Trust Fund*, a special revenue fund, is used to account for State of Colorado Lottery proceeds that are restricted for recreational expenditures.

The Subdistrict A Fund Operations Special Revenue Fund (previously Subdistrict A Special Revenue Fund), a special revenue fund, is used to account for the activities of the Paint Brush Hills Metropolitan District Subdistrict A which has been included as a blended component unit.

The Subdistrict A Fund Debt Service Fund, a debt service fund, is used to account for the property taxes levied for the future payment of debt which is anticipated to be issued by the Paint Brush Hills Metropolitan District Subdistrict A which has been included as a blended component unit.

The District reports the following major proprietary fund:

The Water and Wastewater Fund is used to account for the activities of providing water and sewer services to the residents within the District's boundaries.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Operating revenues consist of charges to customers for service provided. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

### **Budgets**

In accordance with the Local Government Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated. Overall, the District was under budget for expenditures. However, the expenditures exceed the budget by \$7,070 in the Subdistrict A Debt Service Fund, this was due to the District making an additional principal payment. This may be a violation of State statutes.

### **Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

### Receivables

Receivables are reported net of an allowance for uncollectible accounts, if applicable.

### **Prepaid Expenditures/Expenses**

Certain payments to vendors for goods or services reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred revenue and reported as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

### **Cash Equivalents**

For purposes of the statement of cash flows, the District considers cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, to be cash equivalents. All of the cash and investments held by the District qualify as cash and cash equivalents, and are therefore reported as cash and cash equivalents in financial statements.

### **Capital Assets**

Capital assets, which include land, property, plant, equipment, vehicles and water rights, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements or the proprietary fund financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and a useful life exceeding one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market valueat the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation or amortization expense has been computed using the straight-line method over the following estimated economic useful lives:

| Parks and recreation – parks, facilities and improvements | 10-20 years   |
|---|---------------|
| Storm sewer facilities                                    | 50 years      |
| Plant   | 5-40 years    |
| Buildings   | 40 years      |
| Water and sewer lines                                     | 50 years      |
| Vehicles  | 4-10 years    |
| Office equipment  | 5 years       |
| Other   | 5 years       |
| Water rights - exhaustible                                | 100 years     |
| Water rights - inexhaustible                              | Not amortized |

### **Estimates**

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

### **Tap Fees and Contributed Capital Assets**

Tap fees are recorded as capital contributions when received. Capital assets, such as water and sewer lines and facilities, contributed to the District are recorded as capital contributions and additions to the systems at estimated fair value when received.

### **Deferred Inflows/Outflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any items that qualifies for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has only one type of item that qualifies for reporting in this category, which is property taxes levied for the ensuing year.

### **Long-term Obligations**

In the government-wide financial statements and proprietary fund types in the proprietary fund statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Issuance costs are expensed as incurred.

### Fund Balances - Governmental Funds

The District's governmental fund balances may consist of five classifications based on the relative strength of the spending constraints as follows:

Nonspendable fund balance—the amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

<u>Restricted fund balance</u>—the amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Committed fund balance</u>—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.

<u>Assigned fund balance</u>—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board of Directors or by an official or body to which the District Board of Directors delegates the authority.

<u>Unassigned fund balance</u>—amounts that are available for any purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District Board of Directors has provided otherwise in its commitment or assignment actions.

### **NOTE 3 - CASH AND INVESTMENTS**

The District's deposits and investments consist of the following at December 31, 2023:

|                                      | Deposits     |           | ColoTrust     |            | Total |           |
|--------------------------------------|--------------|-----------|---------------|------------|-------|-----------|
| Cash and cash equivalents            | \$           | 1,519,121 | \$            | _          | \$    | 1,519,121 |
| Restricted cash and cash equivalents |              | 326,454   |               | 6,580      |       | 333,034   |
| Total                                | \$           | 1,845,575 | \$            | 6,580      | \$    | 1,852,155 |
|                                      | Governmental |           | Business-type |            |       |           |
|                                      |              | ctivities |               | Activities |       | Total     |
| Cash and cash equivalents            | \$           | 584,665   | \$            | 934,456    | \$    | 1,519,121 |
| Restricted cash and cash equivalents |              | 6,975     |               | 326,059    |       | 333,034   |
| Total                                | \$           | 591,640   | \$            | 1,260,515  | \$    | 1,852,155 |

### **Cash Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102 percent of the aggregate uninsured deposits. The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2023, the District's cash deposits had a bank balance of \$1,874,240 and a carrying balance of \$1,845,575.

### **Investments**

### **Credit Risk**

The District has not adopted a formal investment policy, however, the District follows Colorado State Statutes which specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States and certain U.S. government agency securities and the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- . Commercial paper
- . Certain reverse repurchase agreements
- . Certain securities lending agreements
- . Certain corporate bonds
- Written repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

Colorado revised statutes limit investment maturities to five years or less unless formallyapproved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

### Interest Rate Risk

The District's investment policy states that the maturity of the securities shall be structured to avoid any undue concentration in any sector of the yield curve. No portion of the portfolio shall exceed five years in maturity with consideration for a laddering approach.

At December 31, 2023, the District had the following investments:

| <u>Investment</u> | <u>Maturity</u>                | <u>Amount</u> |
|-------------------|--------------------------------|---------------|
| COLOTRUST         | Weighted average under 60 days | \$<br>6,580   |

### COLOTRUST

At December 31, 2023, the District has invested in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies and instrumentalities, and repurchase agreements collateralized with certain U.S. government agencies or instrumentalities. COLOTRUST PLUS+ may also invest in the highest rated commercial paper. Both the COLOTRUST PRIME and COLOTRUST PLUS+ portfolios are rated AAAm by Standard and Poor's. It is the goal of the Trust to maintain value of \$1.00 per share, however changes in interest rates may affect the fair value of the securities held by COLOTRUST and there can be no assurance that the value will not vary from \$1.00 per share.

### **Investment Valuation**

The value of the District's investment in COLOTRUST is calculated using the net asset value (NAV) per share. COLOTRUST determines the NAV of the shares of each portfolio as of the close of business of each day. The NAV per share of each portfolio is computed by dividing the total value of the securities and other assets of the portfolios, less any liabilities, by the total outstanding shares of the portfolios. Liabilities, which include all expenses and fees of COLOTRUST, are accrued daily. The NAV is calculated at fair value using various inputs in determine value in accordance with FASB guidance.

### **Restricted Cash and Investments**

At December 31, 2023, the District reports cash and investments in the amount of \$1,398 in the Conservation Trust Fund and \$5,577 Subdistrict A Debt Service Fund as restricted. The amounts are restricted for parks and recreation and debt service, respectively.

At December 31, 2023, the District reports cash in the amount of \$326,059 in the Enterprise Fund as restricted. The amount is restricted for customers within the District as part of the settlement with Woodmen Hills Metropolitan District in 2022.

### **NOTE 4 - CAPITAL ASSETS**

An analysis of the changes in the governmental activities capital assets for the year ended December 31, 2023 as follows:

|   |    | alance at<br>cember 31,<br>2022 | Ac | lditions | Transfers | Deleti | ons | Balance<br>cember 31,<br>2023 |
|---|----|---------------------------------|----|----------|-----------|--------|-----|-------------------------------|
| Governmental activities                                   | -  |                                 |    |          |           |        |     | <u>.</u>                      |
| Capital assets, not being depreciated:                    |    |                                 |    |          |           |        |     |                               |

The following are considered to be events of default under the bond agreement:

- (a) Failure by the Subdistrict to take action or cause action to be taken to impose the Limited Mill Levy, to deposit the Pledged Revenue in the Pledged Revenue Account, and to apply the Pledged Revenue as required by the terms of the agreement.
- (b) Breach by the Subdistrict of any material covenant in the bond agreement or failure by the Subdistrict to perform any material duty imposed on it per the bond agreement and continuation of such breach or failure for a period of sixty days after receipt by the Subdistrict of written notice thereof from the Paying Agent or from the Owner.
- (c) The Subdistrict files a petition under the federal bankruptcy laws or other applicable bankruptcy laws seeking to adjust the Debt represented by the Bond.

The following are considered remedies for events of default under the bond agreement:

- (a) Upon the occurrence and continuance of an Event of Default, the Owner of the Bond may proceed to protect and enforce its rights under this Resolution by mandamus or such other suit, action, or special proceedings in equity or at law, in any court of competent jurisdiction. Without any required action on the part of the Subdistrict or the Owner, if any amount of principal or interest remains due and owing on the Bond on the Maturity Date, such amounts shall continue to bear interest at the Interest Rate compounding annually, to be paid only from the Pledged Revenue.
- (b) The failure of the Owner to proceed in accordance with the bond agreement shall not relieve the Subdistrict of any liability for failure to perform or carry out its duties under the Bond Resolution.

**Series 2020 Limited Tax General Obligation Bonds—** In 2020, the District issued \$9,000,000 in limited tax general obligation bonds for the purpose of reimbursing Eagle Development Company for the construction of three water wells within the District's property and pursuant to an agreement dated February 10, 2017.

The bonds bear interest at 5.2% per annum, payable on June 1 and December 1, commencing on June 1, 2021, and shall mature on December 1, 2040. The bonds are secured and payable from pledged revenue which consists of moneys derived from the required mill levy and a portion of the Specific Ownership Tax.

Annual debt service requirements to maturity for the 2020 general obligation bonds are as follows:

| Year Ended   |        |                   |    |           |      |           |

### Farmers State Bank- 2022 Lease

On June 30, 2022, the District entered into the 2022 Lease with Famers State Bank, in the amount of \$2,500,000, to refinance on a current basis, the Prior Leases to finance the acquisition, construction, improvement and equipping of a new Booster Pump House and Station to serve the District and its residents. The 2022 Lease is secured by the base rentals of the District. As of December 31, 2023, the Project had an original cost of \$4,196,926and has no depreciation. The 2022 Lease requires monthly payments of \$24,261.86 beginning on August 1, 2022 through maturity on July 1, 2032, including interest at a rate of 3.10%.

### Browns Hill Engineering & Controls, LLC – SCADA System Lease Purchase

On February 15, 2018, the District entered into a Software and Equipment Lease with Browns Hills Engineering & Controls, LLC for the lease of a vmSCADA system with a cost of \$102,874. The lease is secured by the vmSCADA system and a security deposit of \$9,738. On December 31, 2023 the vmSCADA system had accumulated depreciation of \$102,874. The lease agreement requires sixty monthly payments of \$1,860 which began on July 1, 2019 and end on June 1, 2023, including imputed interest at a rate of 3.364%.

The following are considered to be events of default under the lease agreements:

(a) If any representation or warranty made by the Lessee proves to be in any material sense false or misleading, and if any bankruptcy, reorganization, insolvency, dissolution or any other material adverse change is present in the Lessee's financial, market and/ or economic condition, the Bank's commitment to extend credit shall terminate at the Bank's option.

The future principal lease obligations and net present value of these minimum lease payments as of December 31, 2023, were as follows:

|                      | Business-Type Activities |           |          |         |    |           |  |

| Total lease payments | \$                       | 2,192,468 | \$       | 307,549 | \$ | 2,500,017 |  |

### **NOTE 6 - FUND EQUITY**

At December 31, 2023, the District reported the following classifications of fund equity.

### Nonspendable Fund Balance

The nonspendable fund balance in the General Fund in the amount of \$49,715 is comprised of prepaid amounts which are not in spendable form.

### **Restricted Fund Balance**

The restricted fund balance in the General Fund in the amount of \$28,551 is comprised of the Emergency Reserves that have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 11).

The restricted fund balance in the Subdistrict A Debt Service Fund in the amount of \$9,542 represent pledged taxes for the 2020 series bonds.

The restricted fund balance in the Conservation Trust Fund in the amount of \$1,398 represents unspent Conservation Trust Fund receipts which are restricted for parks and recreation purposes.

### **NOTE 7 - NET POSITION**

The District has net position consisting of three components – net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2023, the District had investment in net capital assets of \$(7,504,130) for the governmental activities and \$25,796,633 for the business-type activities for a combined net investment in capital assets of \$18,292,503.

Restricted net position includes amounts that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed bylaw through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2023 as follows:

| Restricted for:      |              |
|----------------------|--------------|
| Emergencies          | \$<br>28,551 |
| Debt service         | 9,542        |
| Parks and recreation | <br>1,398    |
|                      | \$<br>39 491 |

### **NOTE 8 – RISK MANAGEMENT**

Except as provided in the Colorado Governmental Immunity Act, as may be amended from time to time, the District may be exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2023. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in anyof the past three fiscal years.

The District pays annual premiums to the Pool for property, liability, public officials' liability, boiler and machinery and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

### **NOTE 9 – WATER AND SEWER TAP CONNECTIONS**

The District acquired its water rights in 1987 when it entered into an agreement to issue water and sewer tap connections to the original developer of Falcon Hills in exchange for the developer's water rights that were valued at \$3,574,200. The unsold connection rights were acquired by a third party in 1999 when they purchased the undeveloped portion of Falcon Hills. The purchaser of the remaining connection rights was a related party to the District until 2009 when the last remaining beneficial owner resigned from the District's Board of Directors. In 2009, the District entered into an agreement with the subsequent developer to split the sale of future connections, 60% to the developer and 40% to the District. In 2023, 20 single family equivalent tap connections were sold.

### **NOTE 10 – LITIGATION SETTLMENT**

The District entered into arbitration in 2022 with Woodmen Hills Metropolitan District. The District claimed that Woodmen Hills breached the Intergovernmental Agreement for the Provision of Wastewater Services which entitled the District to \$987,226, plus amounts accrued from September 30, 2022, interest and attorney fees and cost pursuant to the Intergovernmental Agreement. The Arbiter ruled in the District's favor and the District was awarded \$1,304,774.

Under the settlement agreement, the District was required to return the awarded amount to customers within the District. During 2023, \$976,766 was returned to customers through reductions in amounts billed. As of December 31, 2023, the District has recorded a liability of \$327,998 for the remaining amount due.

### **NOTE 11 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

This information is an integral part of the accompanying financial statements.
